

Workshop on ‘*Outcome Based Accreditation for Undergraduate Engineering Programs*’

A two days workshop on ‘*Outcome Based Accreditation for Undergraduate Engineering Programs*’ was held at Dibrugarh University Institute of Engineering and Technology (DUIET), Dibrugarh University from 23rd to 24th March, 2018 organized by DUIET in association with the National Project Implementation Unit (NPIU), a unit of MHRD. The workshop was held under aegis of the Technical Education Quality Improvement Program-III (TEQIP-III) with an objective to improve the quality of the technical education in the DUIET. by incorporating best practices followed in global technical education. The workshop introduced ‘*Outcome Based Education*’ (OBE) to the faculty members and other officials of the management of the DUIET. Discussion with Director of DUIET., NBA expert Prof. L. Ravi Kumar, Dept. of Mechanical Engineering BMS College, Bangalore had conducted the workshop in the presence of the NPIU consultant Mr. Rakesh Passah, who is a Nodal Officer/ Consultant - Monitoring & Evaluation with SPIU-Northeast.

‘*Outcome Based Education*’ is an educational model where a student shall have to achieve a goal by the end of the educational experiences. A learner-oriented teaching learning process, Outcome Based Education was accepted internationally under the Washington Accord to build graduates with skill, knowledge and attitude to become more efficient and employable and to increase the mobility between the Washington Accord signing countries. Requirements and criteria for successful attainment of accreditation were discussed with Director and HODs, DUIET in the presence of faculty members.
