ONE WEEK NATIONAL WORKSHOP ON STATISTICAL ANALYSIS USING SPSS

ORGANIZED BY

DEPARTMENT OF STATISTICS
DIBRUGARH UNIVERSITY

DATE

21ST MARCH - 25TH MARCH, 2022

Scope and Objective :

Statistics provides a host of methods for analyzing data scientifically and arrive at conclusion. The development of different statistical software helps researchers to do statistical analysis with less time and effort. SPSS is one of the most user-friendly softwares especially, designed for analyzing social science data. This workshop will cover a brief discussion on different statistical methods mostly used by students of Science, Social Sciences, Commerce, and Management and, demonstration of data analysis using these methods with the help of SPSS. This workshop will help the participants to learn how to use SPSS in analyzing different data sets and arrive at conclusions. Special focus will be given so that they can develop the idea of how to approach a particular data sets (database creation, data entry, data editing, analysis) and get to a scientific conclusions.
