## ANNEXURE I

### Procedure for Registration of Ability Enhancement Courses (AECs) for the 1<sup>st</sup> Semester Students of the Post Graduate Programme of Dibrugarh University Session 2023-2024

The enrollment to the AECs shall be done on *First Come First Serve* basis by an automated system through the ERP portal. *The online enrolment process will start on 14.08.2023 at 6.00 p.m. and end on 17.08.2023 at 6.00 p.m.*

The 1<sup>st</sup> semester students who are required to enroll for AEC are advised to check their student account at the **Student Portal (ERP)** available through University Website or directly through the URL <https://erp.dibru.work/> before *14.08.2023*. Follow the instructions given below.

#### Checking the account before enrollment process begins:

1. Login with your registered mobile number and password.
2. After login if you don't see the name of your programme under "My Programmes" section on the Dashboard, it implies that you are not using the registered mobile number.
3. If you have forgotten your password, you can reset it by going through "Forgot your password" link given below the "Login" button.
4. If you still cannot figure out your registered mobile number, contact the office assistant of your department/centre.
5. If you find any discrepancy or difficulty in login, you may send a mail to [admissionsupport@dibru.ac.in](mailto:admissionsupport@dibru.ac.in)

#### How to apply for AEC enrollment

1. Login to your account on *14.08.2023 around 6.00 p.m.*
2. On the Dashboard under "My Programmes" section, you will see a link "Select AEC". (if you don't see this link even after *6.00 p.m on 14.08.2023*, refresh the browser).
3. A list of AEC offered by various departments/centres will be displayed along with their intake and remaining seats. Click the "Apply" button corresponding to your desired AEC. You can apply only one AEC. After confirming, you will be automatically got registered/enrolled if seats are available. *Please note that availability of seats will be determined by the system dynamically at runtime. So, even if you see there are some seats vacant, before clicking the "Apply" button, there may be many students who are simultaneously clicking the "Apply" button and thus the system will allot the seats on first come first serve basis even considering microsecond difference.*
4. You will be able to download a registration slip if your enrolment is successful.
